# Morrow Veterans Memorial Park

The Veterans Park is located on the vacant lot #5006341 between Dr. Penny Hahn's office and Bishop Park on Pike Street.

The Park will be built in three phases:

- Phase One is the installation of seven flag poles in a 34 ft circle, set back seven feet from the parking spaces. The 30 ft American flag is in the center of the 34 ft circle with the five 25 ft service flag poles and 25 ft POW/MIA flag pole spaced evenly (approximately seven feet between the flag poles) nine feet from the edge of the 34 ft circle. The circle of service flags and POW/MIA flag are in a 7.5 ft circle. The POW/MIA flag should be placed between the American flag and the Gazebo in Bishop Park. Placement of the service flags is not specified.

Phase One also includes the installation of 14 posts, either 4x4 pressure treated posts mounted in concrete or concrete posts. Each post will have one of 13 war or conflict and one veteran flag holder for a total of 14 small flag holders. Each post is three feet tall and spaced seven feet apart in a 32 ft circle.

- Phase Two is the installation of 4 x 8 inch pavers in a bed of sand. Each paver can be engraved with veteran's names etc. The cost for the pavers could be \$30.00 each with a limited number of spaces on three lines. The pavers would be pre-sold and not installed until there was enough sold to complete two or three rings around the American flag. Optional walking paths could be installed within the circle with paths leading around the circle and into and away from the circle.

- Phase Three is the purchase and installation of an engraved stone with the name "Morrow Veterans Memorial Park". Placement of the stone should be between the parking spaces and the 34 ft circle.

(Note: the model is based on 1/4 inch = 1 foot. This applies to everything except the size of flag poles.)
